**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I own a small architectural firm and I support broadband competition.
I chose Sonic.net as my provider many years ago because they are local, competitive, and provide the highest quality service I could find. They still are all three because they are small enough to be competitive, but large enough to provide the service I want.

Please do not deregulate. Small businesses like mine need broadband competition that the smaller providers can better thrive in.
